Clover Island Marina

June 2015

Dock Inspection Report

Just a friendly reminder:

Personal items may not be left on the dock or piers.

Coolers (a lot of them), chairs, buckets, brushes, oh my!

They are tripping hazards and run the risk of ending up in the water and becoming river trash.

Please use the port provided dock box, stow it on your vessel or take it home.

Thank you for keeping Clover Island Marina clean.

Marina Gates Update

Coming Soon: Ray Poland & Sons has been awarded the construction contract for replacement of security gates on A, B and C docks. Watch for changes in the next few weeks.

For Your Safety

Swimming is prohibited in Clover Island Marina

Marina Restrooms & Showers

The public restrooms at Clover Island Marina near the family plaza are available to marina tenants 24 hours a day. Call the port at 586-1186 for an after-hours access code that is only available to marina tenants.

Waiting List Changes

Effective July 1, 2015, the port will only maintain a waiting list for slips on C dock. An application along with a $25.00 non refundable fee will apply.

Slips on A & B dock will be on a first-come, first-served basis. We recommend you keep checking the marina map on the port's website at http://portofkennewick.org/uploads/6-4-2015_Marina_Map.pdf for availability or feel free to call the port office at (509) 586-1186.

Marina Pride

Many thanks to Chris Kilmer for taking pride in Clover Island Marina by keeping your paperwork current, boat clean, slip clear and always watching out for your neighbors. Stop by the port office and pick up a little token of our appreciation.
