Herald file

Joggers cross the causeway onto Clover Island. The pedestrian path is one of many recent improvements to the island.

### **Clover Island kudos**

Port of Kennewick and city of Kennewick — job well done. My husband and I drove to Clover Island and were amazed at the transformation. Everything you have done has improved the

desire to be there to enjoy everything — businesses, walk ways, lighthouse and more. Thank You for making us proud Kennewick citizens.
